Wine List Principles

Interesting wines that are made in small quantities by families and small wineries, that share our passion for putting smiles on people's faces.

Wines that you generally will not find in your local wine merchant, supermarket or restaurant which are all delicious!

Wines at the top end that we have decided to put a small cash margin on which is priced very sensibly, in some cases up to 50% less than you might find on a list elsewhere.

We at Cap Maison have a passion in creating unique gastronomic and in vinous terms, we import some very interesting wines that may open a completely new world. All of the organic and biodynamic wines made naturally are low intervention wines made in small times at tiny quantities, by families and small wineries.

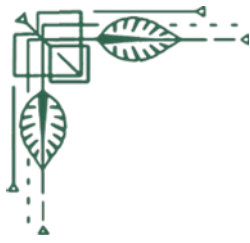

In addition, we hope to welcome you for a fun and inspiring learning experience at our 'Cellar Maison' for a wine tasting session.

“I drink Champagne when I’m happy and when I’m sad. Sometimes I drink it when I’m alone. When I have company, I consider it obligatory. I trifle with it if I’m not hungry and drink it when I am. Otherwise, I never touch it—

unless I’m thirsty.”

Once considered inexpensive, bland blends, rosés have gained popularity due to their delicious summer-like flavor profiles. Ranging from dry to sweet, they are typically enjoyed in warmer weather and are often served slightly chilled or with ice.
